Energy Efficiency Credits

HEAT PUMPS

Receive money back for installing permanent, electric heating.

AIR SOURCE HEAT PUMPS

Credits:

- $350/ton for units rated from 15 to 17 Seer
- $500/ton for units greater than 17 Seer
- $100/unit additional incentive for central air source with integrated controlled ETS backup in lieu of a separate ETS incentive
- $135/unit for terminal units (through-the-wall mounted heat pumps)

Eligibility Requirements:

- Minimum 15 Seer
- Minimum equipment size is 1 ton (12,000 Btuh)
- Energy Star® rating not required

CENTRAL GROUND SOURCE HEAT PUMPS

Credits:

- $550/ton new installations
- $300/ton existing unit replacement

Eligibility Requirements:

- Minimum 3/4 ton (9,000 Btuh)
- Energy Star® rating not required

HEAT PUMP WATER HEATERS

Credits:

- $350/unit

Eligibility Requirements:

- 30 gallon minimum

LPEA recommends that customers request a walk-through energy assessment on homes where electricity is the primary heating system.

TRI-STATE Generation and Transmission Association, Inc.

LPEA and its power supplier Tri-State Generation and Transmission will pay credits to their consumers for the aforementioned electric heating systems, and energy efficient products and programs. All credit must be requested within 120 days of installation. For detailed information go to: http://www.lpea.coop/programs_services/efficiencycredits.htm. Contact LPEA for more information at 970.247.5786
